---

### SUMMARY

---

Detail-oriented professional with excellent communication, interpersonal and creative thinking skills. Aiming to leverage my abilities to fill the vacancy at your company successfully. Frequently praised as hard-working by my peers, I can be relied upon to help your company achieve its goals.

Very passionate about technology, and I use my creative thinking to build new exciting tools

I love art and music, so I built the "MaRock" website, which is a music festival page inspired by the Boulevard urban music festival in morocco.

---

### SKILLS

---

**Front-End:** JavaScript, React, Redux, HTML5, CSS3, Tailwind CSS, Bootstrap, Json, Ajax, DOM manipulation,

**Back-End:** Ruby, Rails, SQL, Postgresql

**Tools & Methods:** Git, GitHub, Heroku, Netlify, Mobile/Responsive Development, TDD, Chrome Dev Tools, Figma

**Professional:** Remote pair programming, Teamwork, Clean code, Communication, Agile methodology, Problem-solving, front-end engineering, Software Development, Software Development Life Cycle (SDLC), Web Applications, Agile Methodologies

---

### EXPERIENCE

---

#### HIGHLIGHTED PERSONAL PROJECTS

##### Front-End Developer

Remote

January, 2022 - April, 2022

[MaRock](#) – This project is a web page for a music festival, The Festival was inspired by the Boulevard urban music festival in Morocco

- Built with: HTML, CSS, JavaScript, Flexbox, Grid, Responsive Development

[Film Guru](#) – This is a Movie website that gives information about movies, and has the option to give a like or add a comment to a movie. It uses the OMDb API to get data and the project is a collaboration with another programmer (Jonathan)

- Built with: HTML, CSS, JavaScript, Flexbox, Responsive Development, Webpack, React

---

### EDUCATION

---

#### MICROVERSE

January, 2022 – January, 2023

##### Remote Full-Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux
- Developed skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers

#### COURSERA (GOOGLE)

September, 2021 – January, 2022

##### GOOGLE IT SUPPORT PROFESSIONAL CERTIFICATE

- Completed five courses, developed by Google, that include hands-on, practice-based assessments that are designed to prepare for entry-level roles in IT support
- Developed foundational skills, including troubleshooting and customer service, networking, operating systems, system administration, and security

#### 1337 School

Khouribga, Morocco

##### Apprenticeship

June, 2021 – July, 2021

- I learned C programming, in the process I rebuild C library functions (like strcat, strncat, strcmp, strcpy) from scratch
- I collaborated with students all across morocco to learn Programming in a no-professor environment, using peer-learning and internet searching skills
